ATHLETICS ARE CHAMPIONS

New York, Oct. 11.—The sprightly Athletics won the world's championship baseball title here today, winning their fourth game of the series from New York, 3 to 1. McGraw depended upon Christy Mathewson to foil the Athletics, but he failed to come back. Eddie Plank hurled a great game, allowing the Giants but two hits. Over 40,000 fans witnessed the contest. The score by innings:

Philadelphia	1	0	2	0	0	0	0	0	0	3	6	1
New York	0	0	0	0	0	1	0	0	0	1	2	2

Batteries—Plank and Schang; Mathewson, McLean.

Chicago, Oct. 11.—The White Sox came from behind in today's game, knocking Pierce out of the box in the seventh inning and scoring three runs. Lavender replaced him. Cicotte twirled for the Sox. The score:

Cubs	0	1	1	0	0	0	0	0	0	0	0	0
Sox	0	0	0	0	0	1	0	3	0	0	0	0

Batteries—Pierce, Archer; Cicotte, Schalk.

TWO HUNDRED DIE IN SHIP FIRE ON ATLANTIC

Liverpool, Oct. 11.—Two hundred passengers lost their lives when the steamer Volturino of the Uranium Line was burned at sea, according to wireless messages received today from the steamer Carmania. It is feared that the death toll may reach even higher. The Volturino was in latitude 48.25, longitude west 34.33, bound from Rotterdam to Halifax, when the fire broke out. The Carmania and nine other ships, receiving the wireless S. O. S. signal of distress, hurried to its assistance and rescued many of the passengers. Scores of persons were taken from the waters of the sea, where they had leaped to escape the flames. The ill-fated vessel was destroyed. Its captain is still missing and he is believed to have been burned to death with the ship.

SCOVILLE, THE PRINCE OF EVANGELISTS HERE SUNDAY.

Charles Reign Scoville.

Evangelist Charles Reign Scoville, one of the leading evangelists of America, will be at the Christian church tomorrow.

Mr. Scoville carries a company of workers with him, all of whom will be present tomorrow. Carrol E. Marv, who has traveled with the company for years, is leader of the chorus and as such is a master. Mr. Marv always uses his gold cornet during the song service and to hear him play the hymn on it and the great chorus sing in response is a great opportunity and always enjoyed by those who hear it.

Mrs. Scoville, wife of the evangelist, is the soloist, and her sweet songs are always enjoyed by those who are fond of splendid music.

Walter H. Sandy, assistant evangelist, and superintendent of personal work, has been in the city today helping the pastor, C. J. Sharp, to arrange the great rally for tomorrow.

Mrs. Marty and Mrs. Sandy will also be here tomorrow. They are both splendid personal workers with large experience in the evangelistic work.

Evangelist Scoville will speak at 10:30 a. m., at 3 p. m. to men only, then again at 7:30 p. m. to a great mass rally.

Dr. Scoville has held great meetings all over America and Australia. Des Moines, Iowa, 2,200 additions; Evansville, Ind., 512; Tacoma, Wash., 781; Spokane, Wash., 750; Little Rock, Ark., 1,069; Paris, Ill., 700; Muskogee, Okla., 1,200; Oklahoma City, Okla., 1,500; Lincoln, Neb., 1,900, etc.

His greatest message to men only 3 p. m., Sunday, October 12. Admission free.

CITIZENS PARTY SEEKS MANDATE

Decision of Judge Becker in Hearing Next Tuesday Will Be of Widespread Spread Interest and Will Set a Precedent.

This morning before Judge Lawrence Becker in the Lake county superior court at Hammond there was filed a counter action against the mandamus sought by the republicans of East Chicago mandating Walter Spencer, city clerk, to appoint Joe Meade on the board of election commissioners.

Two mandamus cases were brought by the progressives and democrats respectively. The cases are similar in that each asks for a mandate against Spencer compelling him to appoint the nominations which the chairmen of the organizations separately made.

The facts as set forth.

The case filed by the progressives sets up the fact that John H. Ross was regularly and duly nominated by city chairman Willis E. Row and asks the court to mandate his appointment. Similarly, the democrats ask for the appointment of William G. Murray.

At the time the cases were filed, the attorneys, Glazebrook and Lotz, argued before the judge the necessity of immediate action, setting up that an emergency existed, that made it imperative that return day be set at the earliest possible moment. The court granted their prayer and Tuesday morning at 9 o'clock was named for the hearing.

Citizens Win a Point.

Monday would probably have been set as return day if it not for the fact that Monday is a legal state holiday. This brings the hearing of the Citizens' party supporters one day earlier than the hearing for the mandate asked for by the republicans.

The case will be an interesting one not only because of the party issues at stake, but because of the legal technicalities that will be involved.

The decision will determine whether or not it is now or at any time in the future will be necessary for a party to lose its identity and power as an organization because it supports a non-partisan ticket. Both the progressives and democrats in East Chicago are thoroughly organized with every office and such office filled by men loyal to their respective organizations and to be literally wiped out of existence by an adverse decision in the cases just filed will be a bad blow to these parties. The action will be ably handled by excellent legal talent on both sides and the county at large will take great interest in the decision.

MONDAY IS DISCOVERY DAY

How many persons in the Twin Cities are aware of the fact that Monday is "Discovery day?"

It is, and it is a legal holiday, by a recent legislative decree.

Because of this the postoffices in both East Chicago and Indiana Harbor will be closed after 9 o'clock and the banks will be closed all day, but, dang bust it, there will be no holiday in the schools. The school authorities have decided otherwise, and there is not a school child in East Chicago and Indiana Harbor who can truthfully say, "I ain't mad at nobody."

Discovery day is for the purpose of honoring Christopher Columbus' greatest find of all the ages, the discovery of America. The act sanctioning the new holiday was passed by the last legislature and may be found in the new statute books.

HIGH WIND WRECKS A BUILDING

The high wind accompanying the rain storm at five o'clock last night moved a two story frame house which is under construction on the extension of Doty street, a half block west of the State Line.

The building, which is the property of T. Dobersinski, was just about ready for the plasterers, and but for the substantial way in which the contractor Urvin Spafford, has built it, it might have fallen together like a house of cards.

The building stands on the south side of the street and was moved a distance of five feet on its center axis. The windows had not yet been put in the building and this allowed the wind to get a strong hold.

CHICAGOAN WANTS IN ON BARGAINS

H. W. Remmer, a Chicago reader of THE TIMES, after perusing Hastings and Woods' advertisements this week regarding the Maywood lot sale which begins on the east side tomorrow at ten o'clock telephoned to the agency this morning for a reservation of a desirable lot. He was informed that he had to "grab a stake" and take his chances with the scores of prospective buyers who are expected on the scene tomorrow morning.

CRUMPACKER ATTACKS INVISIBLE GOVERNMENT

Attorney Peter Crumpacker, republican candidate for mayor in Hammond at his first meeting in Weyelink's hall on the north side last night answered a number of questions which are probably of interest to every voter in the city. In substance the questions and answers were as follows:

Q. Where do the republican and the democratic parties stand respectively with reference to corporation lawyers as public officials?

A. The republican party has nominally organized Lake County Public School Athletic association formed at the Gary Y. M. C. A. Vice president—F. R. Murray, East Chicago high school. Secretary—Dr. A. W. Smith, Hammond high school. Treasurer—L. A. Erickson, Jefferson grammar school, Gary.

An executive committee was also named.

The association will have supervision over the ordinary school sports.

Q. Who is the "invisible government" in Hammond having been trained under Roger Sullivan and "Billy" Lofgren in Chicago?

A. "Johnny" Fitzgerald, a man personally popular, but seeking control of the political situation in Hammond.

Q. Who is to be Hammond's next postmaster?

A. John L. Rohde, now chairman of the board of public works, who in the event of Smalley's re-election would resign in order to make room on the board for Fitzgerald's protégé and appointee, Cornelius Burns.

Q. Who else helps to control the destinies of the democratic party in Hammond?

A. Henry P. Downey, public improvement contractor, president of the Jefferson Club, former Chicago ward.

(Continued on page five.)

OFFICERS NAMED FOR LAKE COUNTY ATHLETIC ASSN.

The following men have been named to serve as the first officers of the newly organized Lake County Public School Athletic association formed at the Gary Y. M. C. A. Vice president—F. R. Murray, East Chicago high school. Secretary—Dr. A. W. Smith, Hammond high school. Treasurer—L. A. Erickson, Jefferson grammar school, Gary.

An executive committee was also named.

The association will have supervision over the ordinary school sports.

DEATH OF H. BUHLER.

Henry Buhler, 73 years old, a farmer at Black Oak since 1874, died on his homestead this morning after an illness extending over a period of five months. He was suffering from asthma and complications.

Mr. Buhler is survived by a widow and six children, five of whom live at Black Oak and one in Chicago. The latter is Mrs. Mary Bobber. The five children at Black Oak are Anthony, Mrs. Kate Strauch, Joseph, William and Henry. The latter lives on the farm with his parents. Mr. Buhler came to America in 1873 and settled at Black Oak the following year. He was born at Frankfurt-on-the-Main. He was a man beloved by his family and respected by his neighbors.

The funeral arrangements have not yet been made, but the probabilities are that interment will be made in Oak Hill cemetery, Gary.

CRIMINAL WANTED HERE IS CAUGHT IN SOUTH BEND

Chief of Police Peter Austgen received word from Laporte yesterday that Bert Oliver, a much wanted criminal with many aliases and search for whom centered in Hammond several months ago, has been captured at South Bend. Oliver was taken to Laporte to be tried for a series of burglaries, holdups and attempted murder.

Although Oliver never killed any of his victims as far as is known, he is classed among the same criminal line as Henry Spencer, charged with Chicago's sensational tango murder case. Oliver took his victims out riding in an automobile and after knocking them over the head robbed them of whatever valuables he could find.

Oliver came to Hammond several months ago and pawned several diamond rings and a watch that he had stolen. The rings have been recovered and the watch is now in the possession of the police department, who have been unable to learn its owner.

Oliver's latest victim was his third wife. The night of their marriage he knocked her unconscious and stole her valuables. He has escaped from jail several times and is known all over the country as a dangerous criminal.

PROGRESSIVES TO HAVE A PAPER

The four-cornered political situation in Hammond is developing many queer quips and dark corners. The socialists are making literature to hundreds of voters in which they refer to W. C. Belman, convention chairman of the progressives, as "Boss Belman," and state that Alfred Simons was chosen as candidate for mayor to appeal to the anti-sewer crowd. The bull moose will present their argument through a weekly paper which they have promised to issue, commencing this week. It is to be printed in Chicago.

Railroads Tire of Tactics.

The tune of the railroads in Hammond has changed.

Contrary to prediction, the roads have tired of their own game instead of making Hammond like it. An increase in speed has been noticeable all week until today passenger and freight trains were running around the eight mile an hour mark set down by the state law.

It is generally believed that the roads intend to gradually increase the speed until they are back near the old unlawful rates. They trust that no complaint will be made as citizens have learned to hate the twenty-minute blockades. They apparently believe that city officials will cater to the desires of the majority and let the roads alone.

And so on until another worthy citizen meets with death.

Story Hour Popular.

A small army of imaginations crowded around a young lady with a paint brush and water colors in the auditorium of the Hammond public library this morning. All together, the imaginations, the girl and her utensils, they composed the "Story Hour Class." The imaginations belong to small boys and their smaller sisters.

There is not the slightest doubt but what the "Story Hour" class is the most humanly interesting in Hammond this morning. All together, the imaginations, the girl and her utensils, they composed the "Story Hour Class." The imaginations belong to small boys and their smaller sisters.

The greatest address of a noted man, Sunday 3 p. m. at Christian church. Men only.—Adv.

LAWYERS MEET AT BANQUET

Members of the Lake County Bar association will hold their quarterly meeting at the Gary Commercial club this evening. A dinner—a \$2.00 a plate affair—will precede the business session.

Following the coffee and cigars State Senator Frank N. Gavit of Whiting, general counsel of the Gary and Interurban system, will talk on "Whether compensation by employer for employee should be made compulsory or whether the employee should be held liable only for his own negligence."

Bomberger To Preside.

As Attorney Gavit has had considerable experience in litigation of this sort his address is being awaited with interest. He is a member of the senate committee on legislation procedure of this character.

Other lawyers will discuss the paper, Attorney L. L. Bomberger of Hammond, for many years own attorney of Gary, will preside tonight in his capacity as head of the association.

HAMMOND TO ENTERTAIN 21 EDUCATORS GREAT DAY FOR LUTHERANS

The Northern Indiana School Superintendent's Club is scheduled to hold a meeting in Hammond on October 24 and 25. It is probable that Charles A. Greathouse, the state superintendent of public instruction will be present to make an address. He is an honorary member of the club. The topics for discussion are as follows:

The Vocational Educational Law. Should the present Fraternity Law be made more effective? Open Air Schools. School Laws of 1913. Method or no method in reading. The Sanitary School House Law. Eliminations in the school curricula. Seven years for elementary work. The maximum number of pupils in each recitation in the High School. College entrance requirements. The next step in education. The membership is composed of the following superintendents: J. B. Pearcey, Anderson; O. M. Pittenger, Frankfort; R. F. Hight, Lafayette; J. F. Nuner, Mishawaka; E. H. Drake, Elkhart; A. H. Douglas, Logansport; B. F. Moore, Muncie; T. A. Mott, Seymour; L. N. Hines, Crawfordsville; J. T. Giles, Richmond; J. N. Study, Ft. Wayne; G. E. Derbyshire, Portland; A. O. Neal, Kokomo; W. A. Meyers, Hartford City; W. A. Wirt, Gary; Arthur Deamer, Laporte; A. L. Trestler, Alexandria; O. C. Pratt, Warsaw; O. B. Baker, Winchester; C. M. McDaniel, Hammond.

Honorary member—Hon. Chas. A. Greathouse, State Superintendent of Public Instruction.

COMMISSION MAY BE APPEALED TO

The replica of Noah's Ark, Hammond's Erie railroad station, is, according to public opinion, a menace and a nuisance.

There is no sign of activity in the construction department of the railway and nothing has been said to indicate that the "Ark" will ever be replaced. In fact, now that it has been covered by a coat of paint and given the appearance of a deserted warehouse, there seems less likelihood of a new building than ever.

UNLESS.

The city council calls upon the state railway commission to intervene. The commission has the power, to compel the Erie to rebuild.

Several councilmen who have been approached on the subject stated today that they will investigate the matter.

TOWNS IN POLITICAL BATTLES

Middle of October Sees Many Lake County Towns Engaged in Warm Political Fights Over Various Issues Stirred Up.

Politics is bristling in Aetna, Hobart, Miller, East Gary, and New Chicago, the four incorporated municipalities of Hobart township situated east and southeast of Gary.

Robert Has Big Crop.

There is a big crop of candidates in Hobart and the situation during the past few days has been stirred up by the entrance of Trustee H. E. Keilman, who has decided to be a candidate for re-election. He threw his hat into the ring despite the many objections recorded because of his policy of progress. He represents the first ward.

Other trustee candidates include: William C. Jahnke (first ward), Edwin B. Odell (first ward), and William Kruse (second ward). George E. Tabbert, John Killgrew and Paul Ellis are out for town clerk, Hazard Halsted and William McClaran seek the treasurer'ship, and Jim Gill and Fred Rose would be chief of police. Territorially, Hobart is the largest town in Indiana.

East Gary Caucus Tonight.

Citizens of East Gary have decided to put out as a Citizens' ticket and there will be a caucus at the town hall tonight to name candidates. Other candidates, who rush to run independent, will be nominated by petition.

Over At New Chicago.

New Chicago, the little settlement half way between Gary and Hobart, founded in 1906, is also the scene of much political noise. But it is all conducted in a foreign language as hardly all of the New Chicago statesmen can speak English. The postmaster can speak a little of it. Most of the people are Bohemians.

Miller And Aetna Tickets.

The Miller Citizens' party has John North and Williams Olander running for trustees, Carl Olander for clerk-treasurer and John Nelson for marshal. William Westergren, the justice of the peace, never relinquishes office and never seeks election and as the law is that he shall hold office until his successor is named he just holds it.

At Aetna a town ticket will be named very shortly and some dynamic politics are expected in the dynamic making town.

MAYWOOD'S "ONE DAY LOT SALE"

The "One-Day-Lot-Sale" which is to be held on by Hastings, Woods & Co. for the purpose of disposing of the one hundred and eight lots in Maywood belonging to the Hammond Realty Company, has never before been attempted in Hammond and is of considerable interest to local people.

It is the psychological time for such a sale in Maywood as the beautiful residential district has been built up as far as it could go without encroaching on the property of the Hammond Realty Company.

Many inquiries for lots have been received by the officers of the Hammond Realty Company, but they did not want to bother with the sale, at retail, of this property.

Finally an arrangement was made by which Hastings, Woods & Company took over the agency for the property. The demand for lots became still greater after the announcement was made that the property would be put on the market.

To clean up the subdivision in one great sale seemed to be the logical thing. The property has been advertised for just one week but the campaign of publicity has been vigorous. Everybody in town knows of the sale by this time.

A dozen efforts to buy property before Sunday have been made but the central idea in putting on such a sale is to give everybody an equal chance and so the offers to buy have been turned down and the prospective purchasers have been asked to come to the property on Sunday to make their purchases.

Sunday was chosen for the reason that the men who work in the factories and mills will have an equal opportunity with the rest of the community to buy these lots.

The property is beautifully situated. It is high and dry and is served with unexcelled transportation facilities to all parts of the manufacturing district. Many of the improvements are in and the prices include all of the assessments paid to date.

The prices are going to be so low (Continued on page five.)
